

Dear BDS Families:

As you know, we do not allow the use of ridesharing companies to transport students to or from school. At the same time, we are aware that many people, including members of the BDS community, use their vehicles to provide ridesharing services. As a result, it is quite possible that a family vehicle might have a ridesharing insignia on it when it arrives at school.

To help us avoid concern about any car bearing a commercial insignia at pick-up or drop-off, we ask families who use their vehicles in ridesharing capacities to let the school know.

Therefore, if your child is transported in a vehicle that also contracts with companies such as Uber or Lyft and bears their company insignia, please fill in the form below and return it to Barbara Carey ([bcarey@belmontday.org](mailto:bcarey@belmontday.org)) at the front desk.

Please feel free to contact Carlos Hoyt ([choyt@belmontday.org](mailto:choyt@belmontday.org)) if you have any questions or need additional clarification.

Thank you.

My child is transported in a vehicle that also contracts with companies such as Uber or Lyft and therefore bears their insignia as follows:

_____	_____	_____	_____	_____	_____
Parent Name	Student Name	Grade	Vehicle: Make and Model	Plate No.	Commercial Insignia(s)
