Important tips before you begin

- + Make a list of the schools you're applying to. Be sure to note their deadlines (both admission and financial aid) and requirements.
- + You only need to complete one Clarity application per household. Your application will cover any number of schools using Clarity and any number of children in your household.
- + While the Clarity application is designed to be easy enough to fill out in one sitting, you can save your work at any time and come back to it later. Be sure to always click the "Save and continue" button at the bottom of the page to save your work.
- + Gathering documents and information like your most recent tax documents can help you complete the application.
- + Throughout the application you will see this symbol: ⓘ. Hover your mouse or tap your finger on this symbol to see helpful tips and explanations.
- + Be sure to monitor your Clarity portal throughout the application process. Schools may require additional documents—those requirements will be displayed in the "Document Requests" section of your portal.
